19 February 2020

Dear Parent/Guardian

### **APPLICATION / REGISTRATION 2021**

We thank you for your inquiry at this prestige school. We anticipate your partnership for the academic year 2021 with you and your child onboard.

It is our Aim to lead the way to greater knowledge through professional education in excellence, to ensure individual attention in a class of not more than 25 learners. We strive to produce responsible and balanced citizens who can cope in the adult world; to instill through example a high standard of ethics and integrity. We value the richness of our cultural diversity, providing relevant, meaningful and challenging education and staying ahead of education development.

To maintain our excellent matric results over the twenty nine (29) years of existence, we launched a new primary school in January 2017 to secure a solid academic foundation from Grade R. The primary school uses ACE (Accelerated Christian Education) learning material, which is mastery of basic foundation principles.

To ensure quality education ALL educators at this school are fully qualified and registered with SACE (South Africa Council of Educators).

You are cordially invited to visit our premises at your convenience as we already consider you as a member of REC.

Thanking you for your patronage.

Yours in Education

Signed:

J HORN
